## School's Opening – Drive Carefully

**SCHOOL BEGINS SEPTEMBER 6, 2016**

**Slow down.** Speed limits in school zones are reduced for a reason. Research shows that taking your eyes off the road for just two seconds doubles your chances of crashing. And children can be quick, crossing the road unexpectedly or emerging suddenly between two parked cars. Reduce risk by not using your cell phone or eating while driving, for example.

The new law requires motor vehicle operators to reduce their speed and change lanes when approaching authorized vehicles displaying emergency lights. Such vehicles include police, fire and medical services vehicles, and also highway maintenance, tow trucks and official motorist aid vehicles displaying amber emergency lights. Where possible, drivers are required to move over to create an empty lane next to the emergency vehicle. When safely changing lanes is not possible, drivers must slow down below the posted speed limit prior to passing emergency vehicles. Drivers should also be prepared to stop, if necessary.
